

I personally think that you guys should do away with the 35% ownership cap on the media industry and on the rule of owning more than 2 stations in the same D.M.A. One good reason is that a company that owns 2 or more stations in a given D.M.A actually improves programming and offers better news programming. A good example of this is the Viacom duopoly(CBS 2 & K-CAL 9)in the Los Angeles D.M.A.
